"Spare us good Lord," from those persons who certainly stick their noses into other people's business how universal this habit is, but how quickly it would be cured if the nose increased in size each time it was used; Evil gossip degenerates those who utter it more than it injures those it maligns, in this wonderful era talk about without indulging in cheap gossip or venomous slander.

We are glad that Governor Pattison still lives and is on the road to recovery, notwithstanding we have had some to wish for his death, and others wish that the first Governor that picked up the pen to sign a bill that provides for \$1000 Daw tax would become paralyzed so bad that he could never see six inches. In our opinion it matters not what Governor signs such a bill, the Lord will never strike them blind or paralyze them, or at least he will not do it in answer to such prayers as that, for we read in the book of St. John ninth chapter, thirty-first verse, language like this, "Now we know that God heareth not sinners." So what is the use of such people to pray to God to strike down righteous men for doing his duty. I think \$1000 is a very small sum for a man to pay for the privilege to sell the grog that dawns the youths of the land, not
